No

Very good

No suggestions

Nothing

Good

No suggestion

Good teaching

No thanks

Please provide some packages to improve studying patterns

Not at all, everything is ok

Personality development, skill development Program , multiple program

It's good on it's own. But improvements are needed to compete with the real world ahead.

We don't have any problem with the teaching process , overall it's good and we are with it !!

1. Teachers couldn't catch our weaknesses in understanding of lessons through this online class processes.
 2. They should try different methods and I also kindly request to all our respective teachers to follow the time routine of our classes.
 3. I think reopening of our college is very important to us to attending all classes. Because, sometimes we can't able to attend classes in proper time because of poor condition of internet's.
 Thank you.

Teaching is overall good in my institution. One thing that it lacks is to make us fit for the struggling world. Our institution don't inform us about job opportunities neither carrier options .

Good

1)

..

Learning process well.

1=Focus on skill development

Teachers will have to given knowledge by using projector and give more example

The Gargaon college is very good in teaching and learning process but we wants more activeness in this topic through the student can get more ideas for choose a better line for their carrier.

1. Introduce technology in the classroom.
2. Empower students to be active learners.
3. Personalise the learning experience of the students.

To the honourable principal sir and our respected teacher I am happy because I proud myself as a student of Gargaon college .. My request is developed every student personality , fluently talking english language so I request to organise various skill development programme and multiple programs which help student upcoming future decision ane development student personality .

Our classrooms are not so well maintained

1. Teacher's Didn't Give A Note of The Topic.

Institute should focus on promoting internship,
Should focus on competitive exam centric preparation also,
And institute should focus also on improvement in practical sessions also

It's good

The infrastructure and the tools are needs improvement. Sometimes the teachers fails us to teach us properly due to lack of some instruments which are outdated.

the teaching process should be innovative

1 - I will appreciate if teachers follow the time table of online classes correctly. 2- it will be nice if teacher's teach in English . 3. -. It will be nice if teacher's make us understand the topic with the help of examples and daigram .

No comments

They all are very good. I have no complaints

Government should provide some proper facilities to our college to improve our studying proceedures.

Teaching system is very good, teachers are very frankly to us ,they always help us to overcome our problems and difficulties,

Ict tools are should be use in studies

Personality development, Skill development and multiple program

concentration on the learners performance by both teacher and learner.

Over all I would strongly agree that the learning process of our college is very good . I appreciate everyone for their efforts . But when it comes to Non- Hons students we don't get proper classes . And due to this covid 19 situation , we have not got any online classes . So , I hope that the teachers will take interest in Non - Hons students .

Personality development , skill development program, multiple program

Fair teaching for everyone

Avoid nepotism

1. Online class are very costly ,so open the colleges
2. Some student didn't able to buy smartphone .that is why government would open institute
- 3.network are very bad some village area in our state,so please open the colleges for 3 days a week

No offence,,all teachers help us ..

Teaching process always best

- 1) Internal marking should not be biased.
- 2) Teachers should prepare for the class.
- 3) More laboratory practical works

Nice

- 1.The teaching learning experience is good enough.
- 2.The provide well education along with external knowledge.
- 3.The teacher's guide us how to deal with problem in busy going world

Teaching

- 1- there are have no a perfect digital class room .
- 2- we are very disappointed to attend the class in summer season.
- 3- There are have no department library .

- 1.I didn't do well in the online class.
2. The college will be open very soon.
3. It is difficult to understand the online class properly.

All are good

I think class should be arrange on regular time basis.

The Gargaon college is very good in teaching and learning process. But we wants more activeness in this topic through the student can get more ideas for choose a better line for their carrier.

The overall teaching quality of the teachers of our institution is very good . But they can't attend the class regularly for this sometimes the syllabus is not complete .

Encourage active and practical learning.
 Provide for meaningful teacher-student interactions.
 Make course expectations clear and based on learning outcomes.

No suggestions

I have no suggestion

It is good

Practical learning, make course expectations clear

First have to improve ,must Focus on weak student , second is have to improve on digital class and one must have digital class in a week and have to improve technologies

1 need for the digital classroom
 2 need for other curricular activities such as music, art etc.

1)Classes are taken upto 4pm
 Sometimes students get tired
 That's all

The learning process is too good, but sometimes we can't heard some important discussion because of internet problem.

The learning process is too good but sometimes we can't heard some important discussion because of internet problem. otherwise teacher's and their learning skills is very useful

To improve digital teaching

I'm a fresher of the institution, because of Covid-19 we can't able to go in the college so I don't know anything about the institution.

1)They don't take us to field trip or towards extra curricular activities.
 2)we need some modern teaching methods.
 3)we need some more practical laboratory instruments to be used by each student

I would like to suggest that the class should not be started from 9am because the student coming from the rural area where the transportation is very weak so the class time should postpond till 10am, so that they should get their classes on time.

All in good

1. Completion of Syllabus
 2. Keep a monitoring on the answer script evaluation process by expert and experienced teachers, because in many times we were facing problems as we were not getting the marks as well as we had written . Rechecking system should be strict
 3. Practical and theoretical application should be understood by students otherwise students had to face too

Last edit was 36 minutes ago

Questions Responses 270

more assignments

I feel better to study

1. Nothing Improve by this Online Learning.
 2. Syllabus will not Completed so why exam should contain only 30% of the Course.
 3. Backlog should be Give Away.
 4. College should reopen.
 5. Examinations should not be so strict.
- Even one year is lost for many students so it should be easy examination.

no suggestion

Some teachers should leave nepotism. Technology should be use to improve learning techniques.

1. Improving infrastructure of extra curricular activities.
2. Establish the professional degree courses.
3. Making good sanitary and hygienic facilities.

Everything is right...no any weakness in this institution

Online classes should happen more frequently.

- a) Personality Development ,
- b) Skill Development Program ,
- c) Multiple Program .

Only network issues

Teaching is almost good in our institute...but I think practical side must be paid importance that theory classes

Teaching process of our college is very good.I hope our college should be able to success in teaching process in future.

Provide clear expectations.
 Develop classroom rules.
 To motivate the Students.

- No.1 skill based learning system is good for our student.
- No.2 sports compulsory.
- No.3monthly seminar systems need's

Need more efforts in practical knowledge than theoretical ones. There should be field trips atleast once in a year for a better experience. there is also a lack of digital teaching due to that teachers sometimes find hard to explain e practical thing in board. Teachers are trying their best to teach us though.

1. The teacher didn't focused the student's equally .
2. The teachers didn't support a general students for extra circular activities and never give support on him

Last edit was 36 minutes ago

Questions Responses 270

Total points: 0

1. Improve laboratory
2. Requires more teachers

Makes monitoring n review quality better

1. online classes are very costly,so,open the collages
2. some student didn't able to buy smartphone, that is why, government would open the Institute
3. Network are very bad in some village area in our state, so please open the collages for 3days in a week,.

The learning process is to good but sometimes we can't join the class because of internet problems
..otherwise teachers and their learning skill is precious

It's already good but I believe that teaches can do it best
